TO: Federal Communications Commission

FROM: Mrs. Leonora W. Konegen

It has been brought to my attention that the Federal Communications Commission (FCC) is considering making changes to the way FM radio is heard in my community. I would like to take this opportunity to express my concern and opposition towards this decision.

As a Napa resident, my family and I have enjoyed listening to K-LOVE radio station daily on 91.9 FM translator. As a listener and financial supporter of K-LOVE, we feel that it is important to be informed of daily events and activities that happen in my surrounding communities. K-LOVE radio provides this service to us. In addition, we are encouraged by the positive messages and music provided by K-LOVE. My family and our community has remained strong, closer together, and hopeful in these uncertain times.

Every day we are faced by many challenges in our daily lives and often we feel discouraged, dismayed, and confused. By listening to K-LOVE on the FM translator service, our hope is restored. We are encouraged, uplifted, and reassured that there are people and friends like K-LOVE that do care about us. They are meeting our communities needs. In my opinion, by allowing the LPFM stations take priority over FM translator service would be a disservice to my local community. Millions of K-LOVE listeners in my community and the United States would be deeply affected. So, I feel that it is important to keep the FM translator service and radio stations such as K-LOVE on the air. Thank you for taking the time to read my letter and express my concerns.

Sincerely,
Mrs. Leonora W. Konegen
